

BALDWIN'S NURSERIES

2021 CATALOGUE

500 MINES ROAD, FALMOUTH, NS
OPEN 9 AM-5 PM DAILY APRIL-SEPT
902-799-9737 OR 902-798-9468

WELCOME TO BALDWIN'S 2020 CATALOGUE

CELEBRATING 26 YEARS OF GROWING FOR YOU

As always, we take pride in growing and selling top quality plants: perennials, shrubs, trees, fruit trees, natives, and more.

We have several terrific collections of specialty plants including magnolias, native plants, deer-resistant plants, tree peonies and grasses.

Our display gardens keep growing along with our inventory, so you can see for yourself how specimens will look planted out.

THERE ARE NO SHOWS SCHEDULED FOR 2021

HOW TO SEARCH THIS CATALOGUE

Whatever pdf program you're using (usually Adobe Acrobat or Acrobat Reader) there is a search option. Usually it's under the Edit Menu, or you can search using Command F in Apple, Ctrl/Command+F in Windows. Type in your item eg. Peony, & you'll have a variety of choices to go through.

In an effort to help you seek out specific types of plants, we list types of plants in categories, but in the case of general category of trees, shrubs, perennials, etc, we're alphabetizing them by common name (with Latin name included). We also are including lists of deer-resistant, shade, and native plants for your particular interest (or challenge).

Our guarantee

We guarantee our plants to be true to name and healthy when they leave our property. The success of your plant is up to you and the aftercare you provide.

How you treat your new plants affects how well they do: after-care is especially important in their first season, both pre- and post-planting. Adequate watering, mulching and correct planting technique is your responsibility. Unforeseen weather patterns or neglect once the plants leave our property are beyond our control and will not be covered under our guarantee.

If you have any questions or concerns about your plant's care, please call us ASAP. We are always happy to help with any advice on a solution to most problems!

Recent Introductions

Our catalogue is constantly changing, with new plants being trialed and less popular or hardy plants dropping out of inventory. With acres of trees, shrubs and perennials, including display gardens, there is something for every taste and every budget. A few new plants to look for this year:

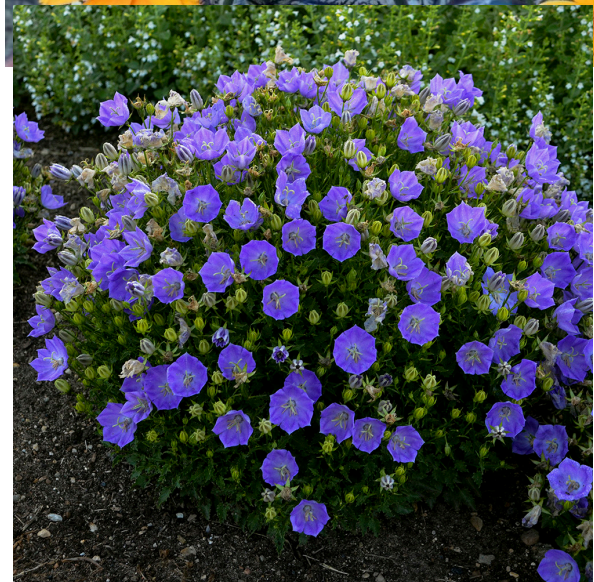

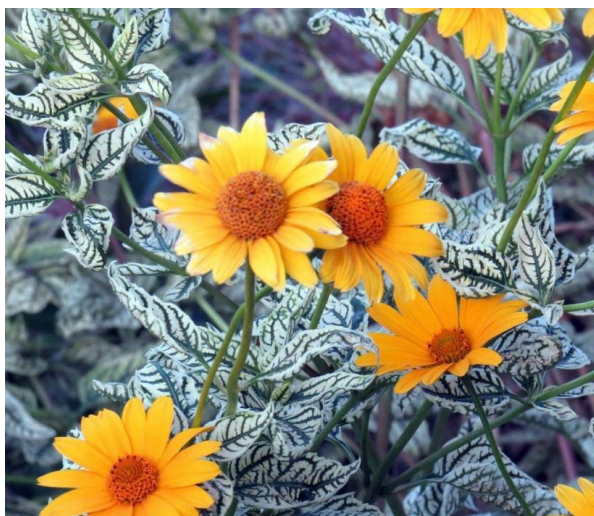

Perennials

Artemisia Silver Mound
Campanula carpatica Blue Chips
C. Rapido Blue
C. Rapido White
C. glomerata Emerald
Campanula Blue Waterfall
Doronicum Leonarda
Echinacea Lemon Drop, Mellow Yellow, Orange Passion
Eryngium Blue Hobbit
Gallardia Arizona Sun, Burgundy, Mesa Peach
Gentiana Bella Alpinella
Hakenechloa Sunflare
Helopsis Loraine Sunshine
Salvia Blue Marvel
Rogersia Fireworks, Cherry Blush, Bronze Peacock
Veronica Red Fox, Royal Candles

Shrubs and Trees

Azalea Pleasant White
Cornus kousa Rosy Teacups
Cornus kousa Snow Tower (columnar)
Armstrong red maple
Autumn Blaze maple Acer x freemanii
Red Sunset Maple
October Glory maple
Fagus Purple Fountain
Fagus Red Obelisk
Ginkgo biloba Marikem Standard
Hibiscus Luna: red, white, pink swirl, rose
Hibiscus Summerific: Holy Grail, Dark Mystery, Mars Madness, Midnight Madness, Starry Starry Night, Summer Carnival
Hydrangea Bobo, Endless Summer,

PHOTOS THIS PAGE, TOP TO BOTTOM: HELIOPSIS 'LORAINIE SUNSHINE'

AMELANCHIER; CLETHRA; RED BUCKEYE

Twist & Shout, Vanilla Strawberry, Incrediball, Invincibelle Ruby
Juniper Repanda
Juniperus communis Green Carpet
J. Icee Blue
J. Sky Rocket
J. Blue Arrow
Kobes Hicks Yew
Malus sargent Tina standard
5 in 1 apples 4 in 1 apples
Chanticlear Pear
Malus Red Jade
Pinus contorta Chief Joseph
Ruby Red Horse Chestnut
Rose of Sharon Hamabo and Lucy
Rosa Oso Easy Double Red, Lemon Zest, Paprika
Sambucus Ranch and Wyldwood
Scarlet Oak

Clematis native, Henryi, Jackmanii, Rouge Cardinal, The President
Asparagus
Small fruit

NATIVE PLANTS

Many gardeners are interested in adding some native perennials, shrubs and trees to their plantings. These plants tend to be well-suited for specific conditions in our region, and attractive to native species of birds and pollinators. We follow the definition of native according to Allan Armitage in *Native Plants for North American Gardens*. From spring-flowering ephemerals to the showy wild raisin, a variety of grasses and ferns, and trees like red maple, there are numerous choices just waiting for you.

NATIVE TREES

American hazelnut (native)
American hop hornbeam (Ostrya)
American mountain ash (native)
Birch, yellow (Betula alleghaniensis)

Birch, paper
 Black ash
 Black walnut
 Kentucky coffee tree *Gymnocladus dioicus*
 Red maple
 Sugar maple
Tilia cordata, linden, lime tree

NATIVE CONIFERS

Balsam fir, *Abies balsamea* 'Nana'
 Balsam fir, *A. balsamea* 'Prostrata'
 Rocky Mountain fir, *A. lasiocarpa* 'Glaucia Compacta'
Juniperus communis, creeping juniper
J. communis, 'Gold Cone'
J. horizontalis, 'Wiltonii'
Picea glauca, White Spruce
P. glauca, 'Conica' Dwarf Alberta Spruce
Pinus strobus, white pine
Tsuga canadensis, hemlock

SHRUBS AND SUBSHRUBS

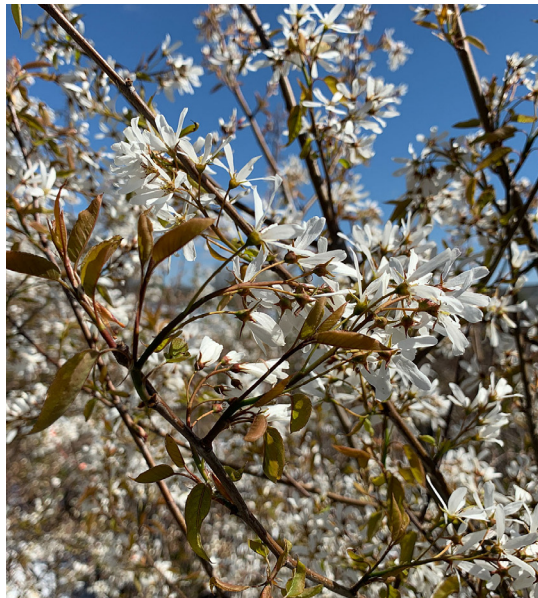

Arctostaphylos, bearberry
Comptonia, (sweetfern)
Clethra 'Ruby Spice'
Cornus sericea (red-twig dogwood)
Cornus sericea 'Flaviramea' (yellow-twigged dogwood)
Hamamelis virginiana (native witch-hazel)
Ilex verticillata (Canada holly)
Juniper horizontalis
J. communis
Myrica, Northern bayberry
Rhododendron canadensis (rhodora)
Rosa virginiana
Vaccinium, blueberry
Vaccinium vitis-idaea (partridgeberry)
Viburnum cassinoides witherod,
V. trilobum highbush cranberry

NATIVE VINES

Virginia creeper
Clematis virginiana, virgin's bower

NATIVE PERENNIALS

Agastache (hummingbird mint), 'Blue Fortune'
 Catmint, (*Nepeta*) 'Walker's Low'
 Columbine, Canada (*Aquilegia*

canadensis)
 Echinacea
 Iris versicolour (blue flag)
 Lobelia, blue water
 Marsh marigold
 Milkweed, rosy or swamp (*Asclepias incarnata*)
 Rudbeckia, 'Goldstrum' (brown eyed susan)
 Solomon's seal, giant
 Trillium, white
 Trillium, yellow
Veronicastrum, Culver's root

NATIVE FERNS

Dryopteris, wood fern
Matteucia, ostrich fern
Onoclea sensibilis, sensitive fern
Osmunda cinnamomea, Cinnamon fern
Polystichum acrostichoides, Christmas

NATIVE GRASSES

Ammophila arenaria, Marram grass
Panicum virgatum 'Heavy Metal' panic-grass
Panicum 'Dallas Blues'
Panicum 'Rotstrahlbush'
Panicum v. 'Prairie Sky' panicgrass
Panicum 'Shenandoah'
Panicum 'Thundercloud' panic grass
Schizachyrium Little Bluestem
Panicum v. 'Prairie Sky' panicgrass
Panicum 'Shenandoah'
Panicum 'Thundercloud' panic grass

NATIVE TREE SEEDLINGS

Need to plant some young trees in a meadow, woodlot or other property? We offer the following native tree seedlings in large numbers. Remember.. "The best time to plant a tree is 20 years ago...the next best time is today!"

Red Oak
 Sugar Maple
 Red Maple
 Yellow Birch
 Paper Birch
 White Pine
 White and Red Spruce
 Hemlock

CONIFERS

These handsome trees and shrubs look good all year long, with some of them changing colour in fall and winter. They are excellent for increasing winter interest in your garden, or for forming the “bones” of a bed or landscape. They can be effective planted in groupings, or used as eye-catching specimen trees or shrubs planted as a focal point.

FIRS (ABIES)

Balsam fir, *Abies balsamea* ‘Nana’ (N)
Balsam fir, *Abies balsamea* ‘Prostrata’ (N)

Abies koreana; Korean firs, dwarf forms: ‘Golden Glow,’ ‘Kohout’s Ice Breaker,’ ‘Kristallkugel’

Korean fir, *Abies koreana* ‘Aurea’

Korean fir, *Abies koreana* ‘Silberfeder,’ ‘Silverlock’

Abies koreana ‘Tundra’

Rocky Mountain fir, *Abies lasiocarpa* ‘Glauc Compacta’

FALSE CYPRESS (CHAMAECYPARIS)

Chamaecyparis nootkatensis, ‘Glauc’
Blue Alaskan cypress

C. noot. ‘Pendula’ Weeping Alaskan cypress

C. obtusa, ‘Filicoides’ Hinoki cypress

C. obtusa ‘Gracilis’

C. obtusa ‘Nana Gracilis’ dwarf hinoki cypress

C.s obtusa ‘Kosteri’

C. obtusa, ‘Tetragona Aurea’

C. pisifera, ‘Boulevard’

C. pisifera, ‘Filifera’ Threadleaf

C. s pisifera, ‘Filifera Aurea’ golden threadleaf

EASTERN HEMLOCK

Tsuga canadensis, hemlock

Tsuga canadensis, ‘Pendula,’ weeping hemlock

T. canadensis, ‘Gentsch White’

JUNIPER

Juniperus chinensis ‘Blaauw’ juniper

J. communis native juniper

J. communis ‘Gold Cone’

PHOTOS THIS PAGE, TOP TO BOTTOM: ONE OF MANY BLUE SPRUCE VARIETIES; ‘REPENDA’ JUNIPER; GOLD RUSH METASEQUOIA
OPPOSITE PAGE: DWARF EVERGREENS; EUONYMUS; SOME OF THE RHODOS AND AZALEAS AT THE KENTVILLE AG STATION.

Juniper communis ‘Pencil Point’

J. horizontalis ‘Wiltonii’

procumbens ‘Nana’ Japanese juniper

J. squamata ‘Blue Carpet’

J.sq. ‘Blue Star’

LARCH (LARIX)

Larix decidua, ‘Pendula’ weeping larch,

Larix decidua, ‘Horstman’s Recurved’

Larix kaempferi, Japanese larch

Larix kaempferi, ‘Dwarf Blue’

SPRUCE (PICEA)

P. pungens ‘St. Mary’s Broom’

P. abies, ‘Nidiformus’ Birdnest spruce

P. abies, ‘Christina’

P. glauca, White Spruce

P. glauca, ‘Conica’ Dwarf Alberta Spruce

P. orientalis ‘Skylands’ (golden spruce)

P.pungens, ‘Glauc Globosa’

P. pungens ‘Baby Blue Eyes’

P. pungens ‘Procumbens’

P. pungens ‘Pendula’ (weeping)

P. pungens ‘The Blues’ (weeping)

PINE (PINUS)

P. cembra Swiss Pine ‘Glauc’

P. flexilis ‘Extra Blue’

P. flexilis ‘Vanderwolfs Pyramid’

P. koraiensis ‘Oculus Dragonis’ Dragon’s Eye pine

Pinus leucodermis ‘Compact Gem’

Pinus mugo Mugo Pine

Pinus nigra Austrian Pine

Pinus nigra ‘Hornbrookiana’

Pinus omorika ‘Nana’

Pinus strobus ‘Blue Shag’

Pinus strobus ‘Nana’

Pinus strobus ‘Sea Urchin’

Pinus sylvestica ‘Sentinal’

P.thunbergii ‘Kotabuki’ ‘Yatsubusa’

P. thunbergii, Japanese Black Pine

OTHER CONIFERS

A selection of conifers that are one of a species or otherwise unusual.

Dawn redwood, *Metasequoia glyptostroides*,
'Gold Rush' gold dawn redwood
Microbiota decussata, Russian cypress
Sciadopitys verticillata, Japanese Umbrella-pine
Taxodium 'Falling Waters'
Taxus x 'Hicksii' Hicks Yew
Thuja occidentalis, 'Emerald Smaragd' emerald cedar
T.o. 'Nigra' Black cedar
T.o. 'Sunkist' cedar
Thujopsis dolobrata Japanese cypress

DWARF EVERGREENS

Do you have a small yard, or limited mobility, but still want to enjoy a variety of shrubs? Try dwarf evergreens. The dandy thing about them is they're compact, and even if not truly dwarf, quite slow-growing; it can take 20 years or more for them to reach their full height or width. They rarely require any pruning, and you can have a quite a variety in a small, city-sized yard.

C. obtusa 'Nana Gracilis'
C. 'Tetragona Aurea'
C. 'Graciosa'
C. obtusa 'Nana Gracilis Aurea'
C. 'Compacta'
C. pisifera 'Filifera Nana'
C. pisifera 'Filifera Nana Aurea'
J. procumbens 'Nana'
J. 'Blue Rug'
J. 'Blue Star'
J. 'Blauw'
P. mariana 'Nana'
P. 'Nidiformis' Birds nest spruce
P. pungens 'Glauca Globosa' and 'St. Mary's Broom'
P. glauca 'Conica' dwarf Alberta spruce

BROADLEAF EVERGREENS

Along with the conifers, broadleaf evergreens help to form the bones of a garden bed or yardscape all year long, and especially in winter. Some broadleaves are grown for their flowers, others primarily for their foliage.

Berberis verruculosa, evergreen barberry
Buxus 'Green Velvet'; 'Green Mountain'; 'Green Gem'; boxwood
Euonymus 'Emerald Gaiety'; 'Moonshadow'; 'Emerald & Gold'; 'Sarcoxie'
Ilex crenata (inkberry) 'Sky Pencil' (N)
Ilex x *meserveae* 'Blue Princess' & 'Blue Prince' evergreen holly
Pieris 'Katsura'
Pieris 'Mountain Fire'
Pieris 'Prelude' *Yucca filamentosa* (Adam's Needle)
Yucca 'Colour Guard' (variegated)

RHODODENDRONS & AZALEAS

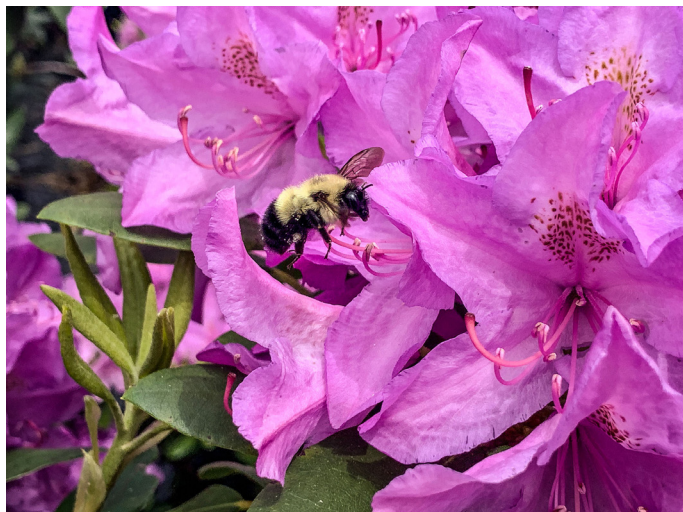

Rhododendrons and hardy (deciduous) azaleas do very well in acid, humus rich but well-draining soil. We carry a wide range of varieties, from dwarf size to large shrubs. Do check out the annual display at the Kentville Agriculture Station in late May-early June.

LEPIDOTE (SMALL LEAVED)

'Landmark' (fuchsia)
'Olga Mezitt'
'PJM Elite' (pink blooms, red foliage)
'Ramapo' (purple)

ELEPIDOTE (LARGE LEAVED)

'Boule de Neige'
Blue Baron
'Capistrano' (yellow)
Catawbiense 'Album' (white)

'Henry's Red' (red)
Kodiak
'Nova Zembla' (fuchsia-red)
'Olga Mezitt'
'Percy Wiseman' (yellow/pink)
'Purple Passion' (purple)
Roseum 'Elegans'
'Teddy Bear'

WITH INDUMENTUM (FUZZY BACKS OF LEAVES)

'Crete' (candyfloss pink, dwarf)
'Ken Janeck' (soft pink)

AZALEAS

Unless noted, our azaleas are all deciduous varieties.

'Arneson Flame' (Bright red)
'Cannon's Double' (double cream/ pink)
'Mandarin Lights'
'Millenium' (red)
Northern Hi-Lights (white w. yellow marks)
'Rosy Lights'
'White Lights'

JAPANESE MAPLES

Japanese maples can be diva-like in our garden, but they are so worth nurturing. Make sure you give yours adequate winter protection from wind, & excessive snow cover that can cause limb breakage. Our varieties include the following:

'Bloodgood' hardiest variety, deep red
'Hubbs Red Willow' Long, narrow, wine-red foliage
'Inaba Shidare'
'Osakasuki' fast growing, most brilliant fall colour
'Purple Ghost'

PHOTOS THIS PAGE, ABOVE: RHODODENDRONS ARE POPULAR WITH BEES.
RIGHT: INABA SHIDARE MAPLE; YELLOW MAGNOLIA
OPPOSITE PAGE: CORNUS 'ROSY TEACUPS'; ENDLESS SUMMER HYDRANGEAS AND JAPANESE MAPLES; 'TWIST AND SHOUT' HYDRANGEA

'Red Pygmy' very fine leaves, great fall colour
'Seiryu' Upright cutleaf Japanese maple
'Shirasawanum Moonrise' red foliage in spring
'Sango Kaku' Coral bark maple
'Trompenberg' maroon foliage
'Viridis' weeping green leaf
Acer palmatum dissectum 'Ao shime no uchi shidare'
'Emperor'
'Osakazuki'
'Purple Ghost'
'Shishigashira'

MAGNOLIAS

Many magnolias grow very well in Atlantic Canada. As with any plant, choose the right size magnolia for your growing conditions. Some are compact and ideal for city yards, while others can grow to be commanding trees.

'Black Tulip'
'Butterflies'
'Galaxy'
M. loeblerii
M. macrophylla 'Ashei'
'Leonard Messel'
Ann, Betty and Susan from the 'Sisters' series
M. 'Yellow Bird'

Magnolia sieboldii
Magnolia soulangiana

REDBUDS

Native to North America, these handsome trees flower in the early spring, then leaf out with gorgeous heart-shaped foliage. There are numerous cultivars available, including several with rich purple foliage.

Cercis 'Ruby Falls'
Cercis 'Lavender Twist'
Cercis 'Forest Pansy'
Cercis 'Oklahoma'

SPECIAL COLLECTIONS: SHRUBS

Shrubs and trees are excellent choices for gardeners wanting low-maintenance plants for their properties. At Baldwin's you'll find native species along with some of the latest and hardiest of cultivars.

BARBERRIES

Berberis 'Aurea Nana' barberry
Berberis 'Cherry Bomb' barberry
B. thunbergii 'Rose Glow' (photo, below right)
B. thunbergii 'Royal Burgundy'
B. thunbergii 'Concorde'

DOGWOODS

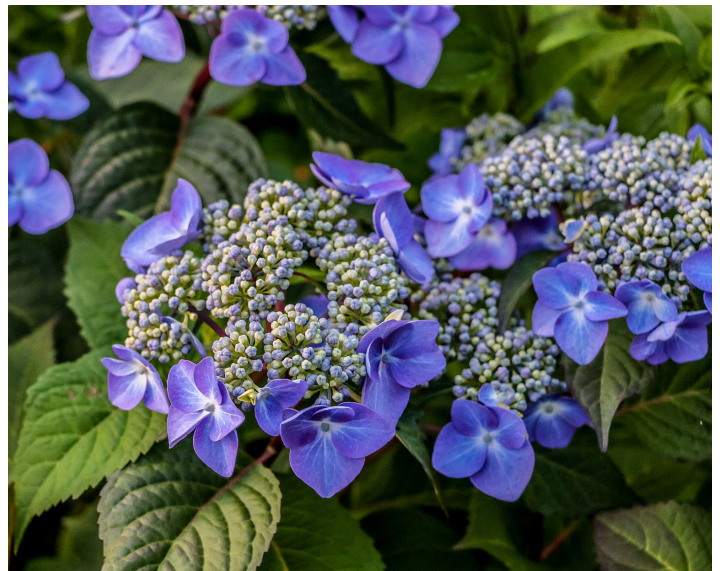

The dogwood family includes a number of hardy native shrubs that are popular as shrubs for providing food for wildlife, especially birds, or for showy, colourful twigs in winter. Then there are the showoffs—the Cornus kousa dogwoods with their long-blooming, very showy flowers.
Cornus alba elegantissima variegated dogwood
Cornus alba 'Ivory Halo'
Cornus controversa 'Wedding Cake Tree'
Cornus sericea red-twig dogwood (Native)

Cornus sericea 'Flaviramea' yellow-twigged dogwood (N)
C. 'Midwinter Fire'
Cornus kousa 'Satomi'
Cornus kousa 'Milky Way'
Cornus kousa 'Scarlet Fire' Cornus kousa 'Radiant Rose'
Cornus x 'Venus'
Cornus mas Cornelian Cherry

HYDRANGEAS

There are so many different types of hydrangeas that it can be very confusing for the new gardener. The varieties we carry are proven to do well in our climate. Of these, only two are pH sensitive so there may be some variation in flower colour.
Hydrangea 'Annabelle' (white)
'Blue Billows' lacecap
'Pink Diamond', 'Limelight' and 'Grandiflora' are members of the so-called PeeGee section, with conical flower heads.
'Limelight' boasts pale green-white flowers
Climbing hydrangea: White lacey flowers festoon this glossy-

leafed climber.

Hydrangea 'Quick Fire'

Hydrangea 'Fire Light'

Hydrangea 'Invincibelle Mini Mauvette'

H. 'Pinky Winky'

H. 'Vanilla Strawberry'

H. serrata 'Tuff Stuff'

ROSES

Our roses are all hardy varieties or species, grown on their own roots for additional hardiness and adaptability.

Paprika

Oso Easy Double Red

Oso Easy Lemon Zest

Rugosa- white or pink

Campfire

VIBURNUMS

As with the dogwoods, Viburnums include some sturdy native varieties notable for their fruit, loved by wildlife and birds, and for their great fall colour. There are also more exotic, showy-flowered and/or highly fragrant viburnum varieties. We carry a few of each.

V. cassinoides Wild grape, witherod

V. macrocarpon Highbush cranberry

V. tomentosum 'Mariesii' doublefile viburnum

Viburnum x carlcephalum (very fragrant)

WITCH HAZELS

Along with the native, fall-blooming witch hazel, we carry a selection of the 'Intermedia' hybrids, which bloom as early as mid winter and continue into spring. A good selection of these are planted out in the town of Wolfville. Some have great fragrance to add to their charm, and most have very good fall colour.

Hamamelis x 'Arnold Promise'

Hamamelis virginiana (fall blooming) (N)

OTHER FLOWERING SHRUBS & TREES

Canada holly (Ilex verticillata): 'Southern Gentleman', 'Winter Red'

Clethra 'Sixteen Candles', Ruby Spice

Cranberry Cotoneaster

Disanthus cercidifolium

Hardy Hibiscus 'Minerva', 'Red Heart' 'Woodbridge' 'Aphrodite' and 'Blue Bird.'

Large flowered hibiscus:

Summerific, Cherry Chocolate, Holy Grail, Dark Mystery and Midnight Marvel

PHOTOS THIS PAGE, TOP TO BOTTOM: ONE OF THE LARGE FLOWERED HIBISCUS; LEMONY LACE SAMBUCUS OPPOSITE PAGE: GINKGO; MALUS RED JADE ORNAMENTAL CRAB; TILIA, LINDEN TREE.

Hippophae rhamnoides; sea buckthorn 'Lord' male; 'Leikora' female

Kerria (double form)

Kolkwitzia

Laburnum (Golden Chain Tree)

Lilac: Bloomerang Purple (re-blooms)

Lilac, Preston (bred in Canada)

'Miss Canada', 'Royalty'

Lilac, 'Miss Kim' dwarf korean

Lilac, French 'Ludwig Spaeth',

'Mme. Lemoine' 'Sensation'

Ninebark, 'Diabolo', 'Tiny

Wine' (dwarf)

Quince: 'Rubra'

Redbud: 'Forest Pansy', 'Red

Falls', 'Lavender Twist'

Rhodora, wild purple rhodo

Smoke Bush, (Cotinus) 'Grace'

Philadelphus mock orange,

'Minnesota Snowflake' Sambu-

cus 'Lemony Lace'

Tamarix, Tamarisk, salt cedar

'Pink Cascade'

Stephenandra 'Crispa'

Sweet Fern (Comptonia)

Tulip Tree (Liriodendron)

Weigela 'Wine and Roses',

'variegata'

White Fringe Tree (Chionanthus virginicus)

Willow, Nishiki (dappled)

Winter hazel (Corylopsis)

HARDWOOD TREES

What's a garden without a few stately trees? If you're impatient to have big trees in your landscape right away, we do have

some larger-sized trees, as well as several fast-growing species. Living on a small property, or worried about power lines? We have large shrubs/small trees for most situations.

American chestnut
 American hazelnut
 American hop hornbeam (*Ostrya*)
 American mountain ash
Acer platanoides, Princeton Gold
Acer pseudoplatanus Esk. Sunset
Aesculus glabra Ohio buckeye
 Beech, purple 'Riversii'
 Beech, purple 'Purpurea'
 Birch, yellow
 Birch, paper
Betula utilis var. *jacquemontii*
 Black walnut
 Buckeye, red
 Catalpa
Cercis canadensis
 Flowering crab: Makamik
 Ginkgo
 Golden weeping willow
 Kentucky coffee tree *Gymnocladus dioica*
 Liquidambar, sweet gum, 'Slender Silhouette'
Nyssa sylvatica, Tupelo, black gum
Oxydendrum arboreum, sourwood
 Japanese silk lilac tree 'Ivory Silk'
Juglans cinerea, Butternut
 Linden, 'lime' (*Tilia cordata*)
 **Very important pollinator tree
T. americana American basswood
Tilia americana Redmond linden

MAPLES (ACER)
 Paperbark Maple
 Harlequin Norway Maple
 Royal Red Norway Maple
 Native Red maple
 Native sugar maple
 Weeping pea shrub (*Caragana* 'Walkers')

FRUIT TREES & SHRUBS
 We carry a number of fruit trees

and berry shrubs suited for most Maritime gardens. Please check with our knowledgeable staff to confirm whether you need a second variety or plant for cross-pollinating purposes.

APPLE TREES: Ambrosia, Baldwin, Cortland, Empire, Gala, Golden Russet, Gravenstein, Honeycrisp, Ida Red, MacIntosh

Goji berry *Lycium barbarum*

HIGHBUSH BLUEBERRIES: Berkley, Berlington, Blue Ray, Late Blue, Nelson, Northland, Patriot, Peru, Reka

HASKAP BERRIES (blue honeysuckle): Indigo Gem, Blue, Tundra, Borealis

PEAR: Bartlett, Clapp

PEACH: Reliant Plum: Stanley (self fertile)

VINES

American bittersweet 'Dianne', 'Hercules'

Boston Ivy

Clematis 'Jackmanii'

Clematis 'Ville de Lyon'

Clematis virginiana, Virgin's Bower (N)

Grapes: Einset (purple, sweet and seedless), Baco Noir, Marechal

Foch, L'Acadie Blanc

Hardy Kiwi (male and female)

Hydrangea anomala petiolaris (climbing hydrangea)

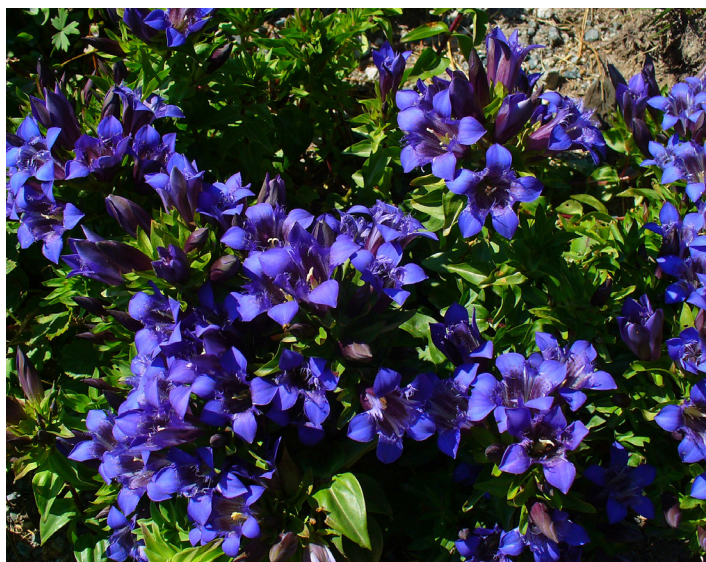

Virginia creeper

Wisteria sinensis 'Blue Moon'

PERENNIALS

We choose our perennials to provide a maximum amount of bloom time throughout the season, some for sun, others for shade, to attract pollinators, (and hopefully not deer). We have several collections of particular species including coneflowers, daylilies, and hostas.

Actaea (*Cimicifuga*), 'Atropurpurea'
Agastache (hummingbird mint), 'Blue Fortune' (native)

Allium 'Millenium'
 Anemone, fall, 'Honorine Jobert'
 Anemone, fall, 'Queen Charlotte'
 Angelica gigas
 Aralia 'Sun King'
 Asclepias incarnata
 Arum european
 Astilbe, White, 'Peach Blossom' and 'Fanal'
 Aster dumosa Jenny, Kristina and Woods Blue
 Astrantia major 'Star of Beauty'
 Baptisia Moonlight
 Bee Balm, 'Raspberry Wine'
 Bleeding heart 'King of Hearts'
 Bleeding Heart 'Gold Hearts'
 Brunnera, 'Alexander's Great'
 Catmint, (Nepeta) 'Walker's Low'
 Coneflower, purple (native)

ECHINACEA (CONEFLOWERS)

'Cheyenne Spirit'
 'Harvest Moon'
 'Hot Papaya'
 'White Swan'
 Echinacea pallida
 Echinacea 'Mellow Yellow'
 Echinacea 'Green Twister'

Chameleon plant (Houttuynia)
 Coreopsis 'Moonbeam'
 Crocosmia, 'Lucifer'
 Culver's Root (Veronicastrum)
 Foxgloves (Digitalis), various colours

PHOTOS THIS PAGE: SUMMER GENTIAN BELLA ALPINELLA; FERNLEAF
 PEONY; OPP. PAGE: LEOPARD'S BANE; BAPTISIA SEEDLINGS; DWARF
 HOSTAS IN BLOOM.

Gallium odoratum
 Geranium 'Grandiflorum'
 Geranium 'Rozanne' cranesbill
 Gentiana 'Bella Alpinella' summer gentian
 Hellebore niger; H. 'Ballard Strain'
 Helen's Flower (Helenium) 'Moerheim Beauty', 'Ruby Tuesday' 'Double Trouble'
 Heuchera: (coral bells) 'Plum Pudding', 'Purple Palace'

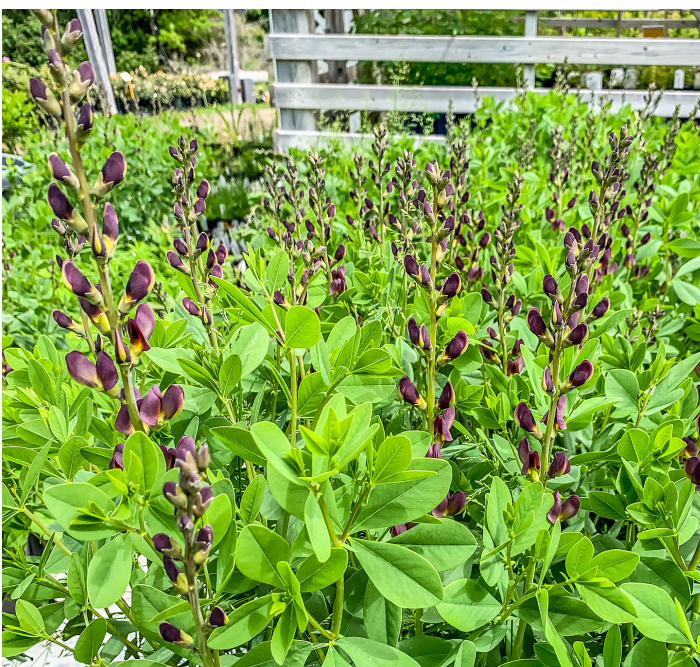

HEMEROCALLIS (DAYLILY)

'Ruby Stella'
 'Pardon Me'
 'Happy Returns'
 'Catherine Woodbury'
 'Stella d'Oro'
 various new cultivars

HOSTAS

'Patriot'
 'Sir Francis Williams'
 'Sum and Substance'
 'Guacamole'
 Elegans (large blue)
 Dwarf 'Mouse Ears'

Iris versicolour (blue flag) (native)
 Iris pallida 'Versicolour' (bicolour foliage, very fragrant)
 Ironweed, Vernonia (native)
 Joe-Pye plant (Eupatorium) 'Baby Joe'
 Korean yellow waxy-bells (Kirengoshoma)
 Lavender 'Munstead'
 Liatris 'Kobold'
 Ligularia 'Midnight Lady', 'The Rocket', 'Othello'
 Lily of the Valley, (Convallaria) double
 Lily of the Valley, pink
 Marsh marigold

Masterwort, 'Star of Beauty'
 Monkshood, fall 'Arendsii'
 Opuntia, prickly pear cactus—various colours
 Peony, Itoh 'Bartzella'
 Peony tenuifolia 'Itoba' red fernleaf peony
 Phlox, creeping: atropurpurea, Emerald Blue, Red Wing,
 Snowflake, Purple Beauty
 Pinks, various types
 Phlox, tall 'David', 'Blue Paradise',
 Poppy, oriental
 Pulsatilla Pasque flower, prairie crocus, red, pink, white
 Queen of the Prairie (Filipendula) 'Venusta'
 Red Hot Poker (Knifophia) 'Fire Dance', 'Nancy's Red'
 Rodgersia 'Fireworks', 'Cherry Blush', 'Bronze Peacock'
 Rudbeckia, 'Goldstrum'
 Russian Sage 'Little Spire'
 Sea Holly, Blue Hobbit
 Sedum 'Autumn Joy'
 Sedum 'Angelina'
 Solomon's seal, (Polygonatum) variegated
 Solomon's seal, giant (native)
 Stachys Hummelo
 Trillium, yellow and white
 Veronica Red Fox
 Veronica Royal Candles
 Veronica First Love

HELLEBORES

These early bloomers do best in partial shade to full sun in humus rich, moist, but well-draining soil. Because some form their buds in early winter and will bloom in late winter to very early spring, it's a good idea to mulch them after a hard frost, to protect them from freezing and thawing.

Varieties include:

H. niger

H. 'White Lady'

'Ballard Strain'; 'Black Magic'

Blue Lady; Yellow Strain; Red Strain

Ferns

Athyrium 'Lady in Red' Japanese painted fern
 Athyrium metallicum Japanese painted fern
 Athyrium 'Ghost' painted fern
 Dryopteris Woodfern (native)
 Matteucia Ostrich fern (native)
 Onoclea sensibilis Sensitive Fern
 Osmunda cinnamomea Cinnamon fern (native)
 Polystichum acrostichoides Christmas fern (native)

Tree Peonies

These beautiful plants produce a show-stopping display of massive flowers every spring, in rich colours. Winter protec-

tion is recommended for the first couple of years while the plants are establishing themselves.

Hana Kiso: semidouble, shell pink blooms

High Noon: Yellow, double

Kamata-nishiki: light purple

Kaow: rosy red double, yellow stamens visible

Kinkaku: double yellow with orange-red on edge of petals

Kinshi: enormous double yellow flowers

Kokuryu nishiki: rich red ('Black Dragon Brocade')

Renkaku: semi double white

Rimpoh: rich semi double red

Shimodaijin purple-pink

Shima-nishiki red/white variegation

GRASSES

Ornamental grasses may not look like much in the spring, when they are clumps of brownish grey stubble. But by midsummer you'll have fountains of handsome foliage, and some flowers on early-season varieties. Fall and winter is when some varieties, like the miscanthus and panic grasses, come into their own, as they provide terrific winter interest. Try planting grasses out with dwarf and regular sized evergreens for a fantastic display of colour and texture throughout the gardening year.

There are grasses for pretty much every growing condition. The few spreaders we sell are for groundcovers, bank stabilizing, and other places where strong roots and spreading growth habit is needed.

Ammophila arenaria marram grass

Calamagrostis 'Overdam' feather reed grass

Calamagrostis 'Karl Foerster'

Chasmanthium 'River Mist'

Elymus Wild Rye (N)

Glyceria maxima 'Variagata' Semi aquatic mannagrass
